

ONE SHOT *gel*

Super Concentrated, Industrial Strength **ONE SHOT** Cleaner and Disinfectant.

ONE SHOT GEL is a citrus based all natural all in one acid based total washroom solution, designed for all washroom surfaces from the shower to the toilet bowl. **ONE SHOT GEL** combines the power of cleaning and disinfection in one solution. It will efficiently remove soap scum & body fat from showers yet safely clean hand basins and toilet bowls. Used neat **ONE SHOT GEL** will disinfect and deodourise while cleaning, controlling mould problems and quickly remove uric acid build up in toilets and urinals. **ONE SHOT GEL** is formulated using safe organic acids and non- ionic surfactants, a combination that has proven to be the least corrosive to all metal yet gives excellent performance.

ONE SHOT GEL can be included as part of the cleaning control process across multiple settings such as:
Hospitals, Hotels and Motels, Nursing homes,
Schools, Offices, Gyms, Medical and Dental facilities.
