

# ADNV

## VOMIT ABSORB GRANUALS

**ADNV** is a fast acting odour neutralising agent formulated to absorb, deodorise and neutralise odours associated with vomit at the source. **ADNV** contains powerful sanitising properties to assist in leaving surfaces clean and hygienic. The unique blend of biodegradable ingredients makes **ADNV** safe to use around children and pets, safe to use on buses, trains, cars, taxis, planes, gyms, and nursing homes. **ADNV** can be easily disposed of in standard municipal waste bins.

Please Note: that if the clean up is due to an illness or infection, you should take extra precautions to avoid getting sick yourself and to prevent the spread of the illness.

The use of appropriate personal protective equipment is essential for your safety and hygiene.

Refer to Safety Data Sheet, for more information.

### FEATURES AND BENEFITS:

- Economical, bulk containers or single use packets available
- Highly active formula
- Suitable for use in food preparation areas
- Pleasant residual fragrance.

### DIRECTIONS FOR USE:

**ADNV** is easy to use, simply open packet or bulk container and sprinkle onto the vomit or fluid, allow a few minutes for **ADNV** to absorb the moisture, once dry or semi dry sweep up contents and dispose of **ADNV** thoughtfully.
