

RESULT

AUTOMATIC MACHINE DISHWASHING LIQUID

RESULT is a highly concentrated, low foaming liquid detergent formulated for use in commercial dishwashing machines. For businesses that require an efficient, reliable, and cost-effective solution for all automatic dishwashers. **RESULT** contains a unique blend of alkalis and surfactants, with the added boost of chlorine, it is designed to clean and degrease even the toughest grease and food residues, delivering sparkling clean dishes, glasses, and utensils with every wash, providing excellent results even under heavy-duty use, whilst being gentle on your equipment. Used in conjunction with **WINNER** rinse aid its low-foaming formula reduces the need for excessive rinsing, making your dishwashing process more efficient and environmentally friendly.

Also available also in power formulation.

FEATURES AND BENEFITS:

- ☐ Strong alkaline based formula, with the added de-staining power of chlorine.
- ☐ Cuts through food soils, grease, grime, lipstick, tannin and sugar based deposits.
- Economical, concentrated formula
- Low foaming properties to reduce rinsing.

DIRECTIONS FOR USE:

FOR USE IN 888 DISPENSING EQUIPEMENT (available by arrangement)

WAREWASHING:

RESULT is dosed automatically through the dispensing unit. **RESULT** should always be used in conjunction with **WINNER** (Rinse Aid) to ensure all washed articles and completely clean and dry.
