

# EZI STRIP

## FLOOR STRIPPER / CLEANER

**EZI STRIP** is a new-generation, low-odour floor stripper specially formulated for rapid and efficient removal of floor polishes and waxes. It combines a powerful solvent system with high-performance detergents to break down and lift even the most stubborn floor coatings with minimal effort.

Unlike traditional harsh strippers, **EZI STRIP** is designed to be more user-friendly, featuring a pleasant citrus fragrance and low fume formulation, making it ideal for use in enclosed or high-traffic environments where ventilation may be limited.

This product is suitable for a wide range of resilient flooring surfaces including vinyl, linoleum, terrazzo, and sealed concrete.

**EZI STRIP** is specifically designed for the removal of water based floor finishes, but should not be used on wooden floors or painted surfaces.

### FEATURES AND BENEFITS:

- Free rinsing
- Effective in the removal of heavy soil deposits often found in high traffic areas
- Low odour formula for improved user comfort, even in hot water
- Enhanced solvent-detergent system for deep penetration and effective stripping
- Pleasant citrus fragrance leaves areas smelling fresh
- Ideal for use in commercial, industrial, and institutional settings

### DIRECTIONS FOR USE:

1. Prepare a 1:8 solution of **EZI STRIP** in hot water and apply with a mop
2. Allow 8-10 mins contact time for the product to react with the polish.
3. Machine scrub at slow speed using a black pad.
4. Pick up resultant slurry with a mop.
5. Rinse floor with clean, hot water and collect water into a clean bucket with a clean mop
