

# ECO FRESH

## URINAL BLOCKS

**ECO-FRESH** Urinal Tablets are specially formulated to clean, sanitise and deodorise urinals whilst also acting as a continuous air freshener. Designed for use in domestic, commercial, and industrial washroom environments, these long-lasting tablets help maintain hygiene and freshness in toilets, bathrooms, and urinals.

Each tablet releases powerful cleaning agents and odour suppressants with every flush, preventing the build-up of uric acid, scale, and bacteria. With a refreshing lemon fragrance, **ECO-FRESH** improves the overall washroom environment by neutralising unpleasant odours at the source.

### FEATURES AND BENEFITS:

- Cleans and sanitises with every flush
- Suppresses odours and freshens the air
- Helps prevent blockages and scale build-up in urinals
- Suitable for all types of urinals, including stainless steel and ceramic
- Ideal for use in offices, schools, public amenities, restaurants, factories, and more
- Long-lasting performance for cost-effective maintenance
- No need for additional air fresheners or deodorising sprays

### DIRECTIONS FOR USE:

Place one tablet in each urinal bowl or cistern. Replace when the tablet has fully dissolved or as needed for continuous freshness and hygiene.

This product is readily biodegradable according to Australian Standard AS 4351. All 888 Chemicals have been designed so that all degradation products from microbial breakdown are non toxic to the environment. It will not accumulate in the soil or water or cause long term problems.
