

# COMBI OVEN CLEANER

## COMBI OVEN CLEANER

**COMBI OVEN CLEANER** is a concentrated alkaline liquid cleaner specifically formulated to tackle stubborn food residues, grease, and carbon deposits commonly found in the interiors of combination (combi) ovens, grills, and hotplates. Its powerful cleaning action ensures the thorough removal of baked-on contaminants, restoring equipment to optimal cleanliness and performance.

### FEATURES AND BENEFITS:

- High-strength formula ensures maximum cleaning power
- Low foaming for optimal results.
- Suitable for both manual cleaning and integration with automatic dosing systems
- Rapid soil removal and rinse-off
- Suitable for use with soft or hard water

### DIRECTIONS FOR USE:

**Ensure rubber gloves and safety glasses are worn when handling this product.**

#### MANUAL APPLICATION

Use **COMBI OVEN CLEANER** undiluted and apply to the interior of the oven. Allow 5 minutes to react with residues, then activate the ovens self cleaning cycle. If the oven does not have a self cleaning cycle, rub surface with a nylon scouring pad then rinse off with warm fresh water.

#### AUTOMATIC DETERGENT DISPENSING SYSTEMS

Place the detergent feed hose into the drum of **COMBI OVEN CLEANER** and activate self cleaning cycle as normal. After cleaning is complete wipe the door seals and hinges with **COMBI OVEN CLEANER** diluted 1 part to 9 parts water then rinse off with fresh water.

Follow oven manufacturer's instructions to complete the cleaning cycle.

Refer to Safety Data Sheet, for more information.
